**Class number**  
Describes an item's subject content  
QA = Mathematics,  
150-372.5 = Algebra.

**Year of publication**

**Cutter number**  
Determines shelving order of materials on the same subject. To understand the shelving sequence, treat cutter numbers as if they are behind a decimal. For example: **A451** is smaller than **A53**, just like **.451** is smaller than **.53**.

**Call number**  
Describes an item's subject content as well as determines its shelving order.

#### Introduction

This page give broef information about how material is arranged at HKUST Library.  
Go to the whole [Classification of Material](#) in the Library for to lean more in detail.

#### Call number = Classification Number

A call number can be a random number, but in modern libraries the call number is a **classification number**.

#### LC (Library of Congress) Classification System: Used by HKUST Library!

It was created by the Library or Congress in the USA. Most university and research libraries in North America use it. Here is an [outline of the LC Classification](#) from the LC's own home page. Here's a link to the [detailed lists](#).

Classification numbers are **built** in Dewey, they are **assigned** in LC.

Both systems try to bring together similar items. The similarity is based on the following criteria:

1. "What it's about?" - subject
2. "Who wrote (composed, acted, etc.) it?" - author
3. "What's it called?" - title

You may already be familiar with the **Dewey Classification System**, it's used in Hong Kong public libraries and in most school libraries, and in some other universities in Hong Kong. An [outline of Dewey Classification categories](#) is available from OCLC.

#### Basic Classification Number Anatomy & Creation

#### LC Classification Outline

Basic Outline of LC Classification is listed below. The links will bring you to the detailed outline for each letter.

- [A](#) - General works
- [B](#) - Philosophy, Psychology, Religion
- [C](#) - Auxiliary Sciences of History (e.g., numismatics or genealogy)
- [D](#) - World History & the History of Europe, Asia, Africa, Australia, New Zealand, etc. (DS = Asia)
- [E and F](#) - History of the Americas
- [G](#) - Geography, Anthropology, Recreation
- [H](#) - Social Sciences (including Economics)

# Databases – How to Access

Always access database via the Library webpages

The screenshot shows the top navigation bar of the HKUST Library website. The header includes the university logo and name, the word 'LIBRARY', and a 'TODAY'S HOURS' section indicating 'Learning Commons 9am - 7pm'. A 'Site Search' box is also present. Below the header is a horizontal menu with 'Collections & Resources', 'Services', 'Events', 'Help For', and 'About Us'. The main content area features a dark grey navigation bar with 'POWERSEARCH', 'DATABASES', 'E-JOURNALS', 'RESERVES', and 'GUIDES'. Under 'DATABASES', there is a search box labeled 'Search Databases' and a list of letters 'A B C D E F G H I J K L M N O P Q R S T U V W X Y Z'. To the right of the search box are links for 'by Subject', 'What's new', and 'On Trial'. Further right is a vertical menu with 'My Account', 'Room Booking', and 'HKALL'.

## 1. Login & go to Settings

The screenshot shows the Google Scholar homepage. On the left side, there is a navigation menu with the following items: My profile, My library, Alerts, Metrics, Advanced search, and Settings. The Settings icon, represented by a gear, is circled in red. The main content area features the Google Scholar logo, a search bar, and a search button. Below the search bar, there are radio buttons for "Articles" (selected) and "Case law". At the bottom of the main content area, the text "Stand on the shoulders of giants" is visible.

## 2. Choose Library links

The screenshot shows the Google Scholar Settings page. The "Settings" link is highlighted with a blue diamond icon. Under the "Search results" section, the "Library links" option is circled in red. Other options in this section include "Languages", "Account", and "Button". In the "Collections" section, there are two radio buttons: "Search articles (include patents)" (selected) and "Search case law". In the "Results per page" section, there is a dropdown menu set to "10" and a note: "Google's default (10 results) provides the fastest results."

## 3. Type the full name of HKUST & save

The screenshot shows the "Scholar Settings" dialog box. The "Library links" section is active, and the search box contains the text "Hong Kong University of Science and Technology". Below the search box, there is a note: "e.g., Harvard". A checkbox labeled "Open WorldCat - Library Search" is checked. At the top of the dialog box, there are "Save" and "Cancel" buttons. The Google logo is visible at the top left of the dialog box.
